

Mrs. Amy K. Adams

I am Amy Adams, and I am excited to be a part of the Brownwood ISD Gifted and Talented Program! I am committed to providing your children with a loving and developmentally sound foundation for a lifetime of learning. Not only will I integrate the arts to include STEAM activities, we will also work on projects that will expand the exposure of our students introducing them to new concepts and experiences.

I want to extend to you and your child my warmest welcome into my classroom. My philosophy for teaching includes helping your child discover his or her talents, and working alongside them to maximize those gifts. I believe in providing hands on experiences, and opportunities for learning creatively. I want my students to feel confident applying what they have learned in the classroom to real life situations. In addition, I want them to feel challenged, yet passionate about learning! Together we will make this an awesome and wonderfully memorable year!
