

Musical Math

Name: _____

PLEASE PRINT your **first** and **last** name on every paper you turn in so you get credit for your work!

Part A: Add the number of counts in each line. All of the examples are in $\frac{4}{4}$ time.

1. $\text{quarter} + \text{quarter} + \text{quarter} + \text{rest} = \underline{\quad}$

2. $\text{quarter} + \text{eighth} + \text{quarter} + \text{quarter} = \underline{\quad}$

3. $\text{quarter} + \text{eighth} + \text{half} + \text{rest} + \text{quarter} = \underline{\quad}$

4. $\text{quarter} + \text{rest} + \text{quarter} + \text{rest} + \text{quarter} + \text{quarter} + \text{quarter} = \underline{\quad}$

5. $\text{rest} + \text{half} + \text{eighth} + \text{rest} + \text{quarter} + \text{quarter} + \text{half} = \underline{\quad}$

6.
$$\begin{array}{r} \text{quarter} \\ + \\ \text{quarter} \\ \hline \square \end{array}$$

7.
$$\begin{array}{r} \text{eighth} \\ + \\ \text{eighth} \\ \hline \square \end{array}$$

8.
$$\begin{array}{r} \text{quarter} \\ + \\ \text{quarter} \\ \hline \square \end{array}$$

9.
$$\begin{array}{r} \text{quarter} \\ + \\ \text{quarter} \\ \hline \square \end{array}$$

Part B: Complete the equations with notes and rests. Each box needs one note or rest. All of the examples are in $\frac{4}{4}$ time.

1. $\text{quarter} = \boxed{\text{quarter}} \boxed{\text{quarter}}$

4. $\text{eighth} + \text{eighth} = \boxed{\quad}$

2. $\text{rest} = \boxed{\quad} \boxed{\quad}$

5. $\text{quarter} = \boxed{\quad}$

3. $\text{quarter} = \boxed{\quad}$

6. $\text{half} = \boxed{\quad} \boxed{\quad} \boxed{\quad} \boxed{\quad}$
