Elementary Academic Progress Report
READING & MATH

See the next page for the latest data from our DIBELS progress monitoring system.

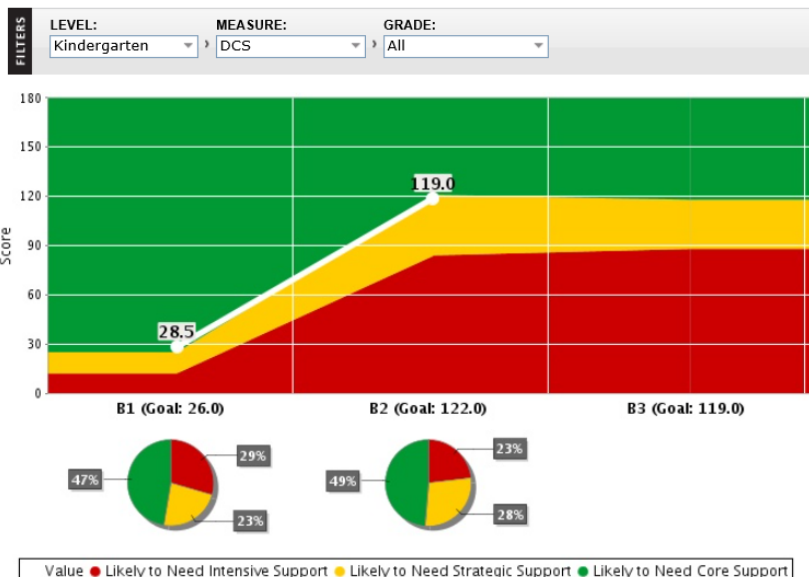

DIBELS Next measures are quick and efficient measures that indicate if a student is on track for reading success. With both universal screening and progress monitoring components, these measures are critical tools for educators as they:

- Identify students who need intervention support
- Evaluate the effectiveness of interventions
- Correlate to NAEP and state test performance
- Support the RTI/multitiered model
